Windsor Heights City Council Passes Mask Resolution

The Windsor Heights City Council is asking everyone to wear a mask in Windsor Heights.

At the August 3rd City Council meeting, Windsor Heights City Councilmembers voted unanimously to approve a resolution on face masks. This resolution states that the Council supports the use of face masks while people are in public settings – both indoors and outdoors. It does not require people to wear a mask.

Windsor Heights Mayor Dave Burgess said the Council wants to do what they can to support the medical community and slow the spread of COVID-19 in Windsor Heights.

“This is to encourage everyone to wear a mask when you can’t social distance. When you go in a business, please wear a mask,” said Mayor Burgess.
